Submittal
Draft Leading Edge Investigation Workplan (LEIWP)
Operable Unit 2 Omega Chemical Superfund Site

Dear Mr. Praskins:

Pursuant to the November 19, 2014 Term Sheet, please find attached for your review and comment the draft Leading Edge Investigation Workplan. The enclosed has been prepared to provide the process and procedures for the collection and evaluation of additional information in the Leading Edge portion of Operable Unit 2.

Should you have any questions or comments, please contact me at (619) 546-8377. Thank you.

Sincerely,

Jack Keener,
OU2 Project Coordinator
